

## ADVICE TO THE W. C. T. U.

### Physical Culture Lecturer Endorses Paine's Celery Compound.

Miss Lucy H. Hitchcock, lecturer, department of physical culture, Woman's Christian Temperance Union, Vermont, wrote on May 16, last:

"It affords me pleasure to add my testimony with others regarding the healing effects of Paine's celery compound upon an exhausted nervous system."

Aug. 12, 1897, she wrote: "As a rule I do not endorse medicines, but I believe Paine's celery compound to be of a different order from the ordinary medicines. Facts cannot be disputed. I have derived so much benefit from the compound that I am glad to heartily recommend it, hoping others similarly afflicted may be relieved. Any medicine that will relieve suffering humanity is a blessing to the world."

A blessing to the world! Paine's celery compound has been proven to be the one great remedy that really makes people well. This estimable woman, whose Christian work is earnestly directed toward the betterment of others, and whose eminence in the W. C. T. U. makes her advice of great value, plainly indorses Paine's celery compound.

The amount of poor health on every hand is something shocking to everyone who stops to think. Hundreds of men and women in every neighborhood are today carrying about with them a needless load of ailments that a thorough refreshing of their nerves, a purifying of their blood, more sleep and more regularity in the bodily functions would completely do away with. Paine's celery compound will do all this for sick and ailing men and women.

A "near-say" may do for other remedies; Paine's celery compound is best known from the mouths of men and women whom it has made well—they are in every city, town and village in the country.

No one can pass the newspaper bulletins without being reminded by how slight a thread the best of men hold on to life. The slight ups and downs in health from which people recover make them forget that there is a limit to the body's elasticity and endurance. The habitually exhausted nervous system at last loses its power of recovery and offers no resistance to disease.

"Prevent disease" is the watchword of the best medical thought of today. Careful men and women do not wait until they are flat on their backs as people once did. The more intelligent part of every community has found out the inestimable benefit to be derived from Paine's celery compound, when one is worn out and "out-of-sorts."

The little ills, the beginning of neuralgia and rheumatism, the "all-gone" and tired feelings show immediate need of purifying the blood and refreshing the nerves. The direct and energetic way Paine's celery compound overcomes sick and nervous headaches, dyspepsia and heart troubles, as it does all other nervous disorders, has compelled the admiration of the medical world from the start.

Headaches, rheumatism, neuralgia, lifeless feelings and debility cannot persist when intelligently met and corrected by this greatest of nerve and brain strengtheners. No remedy ever kept the confidence of so large a body of inquiring men and women. Try it.

## SALEM

EDWARD JETER, REPORTER.

Judge W. W. Moffett has returned from a visit to his old home in Eastern Virginia.

Jno. Larew, of Augusta county, who has been the guest of D. T. Martin, returned home yesterday.

Miss Rosa Wall left yesterday for a visit to friends in Bluefield, W. Va.

J. F. Morrow, who has been at work in Washington, D. C., returned Thursday.

Jno. Parsons, formerly of Salem, and wife, are on a visit to relatives here.

Judge Henry E. Blair, A. A. Phlegar, Col. D. C. Shanks and Major W. W. Ballard left yesterday morning for Fincastle, where they went to attend circuit court.

Thursday afternoon about 3 o'clock Phil. Sherod, who was driving the two large gray horses belonging to Walter Board, attempted to cross the Norfolk and Western tracks at what is known as Harman's crossing, near Glenvar, was run down by a freight train, which struck the hind wheels, throwing the wagon and driver into the air and demolishing half of the wagon. Neither the horses or driver were injured, and the horses, with the two front wheels attached, reached home in safety. It was a close call for the entire outfit, specially so for Mr. Sherod.

**BROTHERHOOD OF ST. ANDREW.**  
The International Convention—Strength of the Organization.

Buffalo, N. Y., Oct. 15.—The international convention of the Brotherhood of St. Andrew was called to order at 2:45 o'clock yesterday evening. The secretary's report was read. It contained the following:

In the church in the United States there are 1,286 chapters, with 12,000 members; in the Dominion of Canada, 212 chapters, with 1,500 members; in Scotland, 12 chapters, with 100 members; in Australia, 40 chapters with 350 members; in the West Indies and South America, 10 chapters, with 360 members; in the Church of England, where the movement has but recently taken organized form, 39 chapters, with 350 members.

President James L. Houghteling, founder of the Brotherhood, in his address of welcome, was cheered lustily. Archbishop Nuttall, of Jamaica, spoke in response, as also did R. Vashon Rogers, vice-president of the Brotherhood in Canada; Cyril A. Alington, of All Souls' College, Oxford, England, and Right Rev. Edward Stuart Talbot, Lord Bishop of Rochester.

The last named read a letter from the Archbishop of Canterbury extending to the Brotherhood his best wishes for its success.

**POSTMASTER AT HARAN.**  
Washington, Oct. 15.—The following fourth-class Virginia postmasters were appointed yesterday: Bayard, Benjamin F. Ruffner; Berlin, William P. Vick; Boyce, C. L. Estep; Columbia Furnace, William S. Irwin; Haran, F. M. Tinnell; Malow, George G. Burton; Mitchell's Station, Mrs. Dora D. Curtis; Red House, Miss Estelle Ford; Rio Depot, W. T. Hubbard.

**CROUP QUICKLY CURED.**  
Mountain Glen, Ark.—Our children were suffering with croup when we received a bottle of Chamberlain's Cough Remedy. It afforded almost instant relief.—F. A. Thornton. This celebrated remedy is for sale by H. C. Barnes. "He puts up prescriptions."

**THE BEAUTY OF IT.**  
A dress washed with "Crystal Spring" was shown us the other day—a delicate fabric splashed with tiny flowers. The flowers looked as if grown afresh—forget-me-nots, too.

## SEABOARD LINE CUTS RATES.

Reduction of 33 1-3 Per Cent. in Passenger Fares Announced.

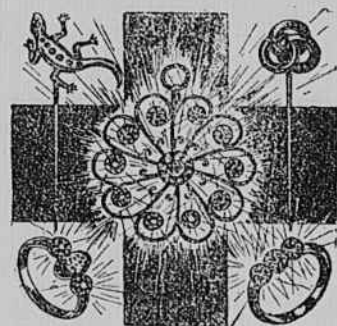

Norfolk, Oct. 15.—Once more the Seaboard Air Line and the combination of its big rivals, headed by the Southern railway, are engaged in a battle royal. Open war has again been declared, and the fight will probably be one to the death.

The circular just issued by the Seaboard announcing a differential passenger tariff and through and local business and the reduction of 33 1-3 per cent. in fares contained therein is the first shot in what may be a long-continued struggle between the associated railways which have refused to haul the Seaboard's through cars and that line.

The rates are subject to change, and this phrase, as defined by General Passenger Agent Anderson to-night, means that the Seaboard will cut as often as its lower rates are met by its competitors in order to preserve the differential feature.
